

LA-120

QUICK START GUIDE

EXTEND YOUR WARRANTY FREE!

Your new LA-120s come with a 1 year warranty. Want to double it? Register your new microphone within 30 days of purchase at: LautenAudio.com/Register

CAPSULES

A pair of 17mm hand-tuned Omni and Cardioid capsules are included.

LOW-FREQUENCY SOUND SHAPING

- The flat setting allows the full low frequency extension of a sound to be captured.
- The 50Hz setting gently reduces low frequencies.
- The 150Hz setting greatly reduces bottom-end while increasing clarity.

+48V

PHANTOM POWER

Your LA-120s requires 48 Volts of Phantom Power to work.

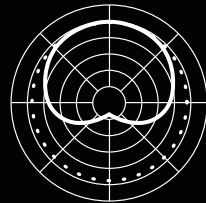

SPL & DYNAMIC RANGE

Your LA-120s withstand up to 130dB of SPL (140dB with the optional in-line pads accessory) and provide 120dB or more of dynamic range.

HIGH-FREQUENCY SOUND SHAPING

- The flat setting is modern, articulate and bright.
- The 15kHz setting is smooth and transparent.
- The 10kHz setting is punchy, dark and dense.

CARDIOID & OMNI
